Penn Township Community Park,

4601 Grandview Rd.

Rain date March 22, 2026 at 1:00pm.

Penn Township residents 10 and under.

EVENTS

Penn Township Fire Department will have the fire trucks on display at 9:00am.

The Easter Bunny will be making a special appearance.

Residential Brush and Limb Collection

Curbside collection of brush and limbs will begin **Monday, April 27, 2026**. All material must be placed curbside on a dedicated Township street or road by this date, **but not before, April 17, 2026**. If material is placed curbside prior to April 17th, you will be contacted to remove it! If a resident has too much material to be placed curbside at one time, arrangements must be made with a commercial trimmer to handle the excess. Due to the restricted available space, first priority pick-up will be given to Baltimore Street, York Street, Frederick Street and Carlisle Street. The requirements are:

1. Limbs no larger than 3" in diameter or smaller than 1/2" in diameter.
2. Will not accept lumber, boards, etc.

Township crews will pick up one time per neighborhood.

The Township reserves the right to refuse items that do not meet the requirements and is **NOT** responsible for clean up.

For questions, please call 717-632-7366 ext. 3302.

You can also dispose of this material at Oldcastle Lawn & Garden (formerly H & H Excavating) located at 660 Old Hanover Road in Spring Grove. They accept leaves, brush, limbs and tree trunks only. These products can be delivered to their facility 7 days a week during daylight hours free of charge. Call 833-719-2729 for details.

Residential Food Drive and Shredding Event

Penn Township has partnered with New Hope Ministries to give the residents the opportunity and convenience to help others in the community by combining a food drive with the Township's shredding event.

New Hope Ministries will accept any non-perishable food items from your pantry. Donated items can be canned fruits, veggies, soups, peanut butter, tuna, and dry goods, but will take any non-perishable food items. Please check expiration dates.

If you have sensitive or private documents that need to be destroyed, you can bring them to the Recycling Center located at 1020 Wilson Avenue, **April 25, 2026**. Shredding Solutions Inc. will be on hand from 8:00am until 1:00pm to shred financial, medical, personal, and any other confidential records for **Penn Township residents only**. There will be a **5 file box limit per vehicle**. Proof of residency will be required.

? FAQs

- When should I put my trash out?**
Please place carts at the curb **the night before** your scheduled pickup. The pickup times and routing you may be used to will change.
- What if I have a large item (freon item, couch, large glass, etc.)?**
Please call ahead to schedule pickup of these items.
- What do I do with paint?**
Latex-based paint should be dried out or absorbed with kitty litter before being placed in the trash. Oil-based paint is hazardous waste and must be disposed of in accordance with DEP regulations.

CART PLACEMENT RULES

- 3 feet apart:** Keep carts at least 3 feet from mailboxes, parked cars, poles, and each other.
- Face the street:** Place carts with the handle and wheels facing your house.
- Bag trash:** All trash must be bagged. Keep recycling loose in the cart.

Proper spacing helps our trucks service your cart quickly and safely.

AFTER COLLECTION

Please remove carts from the curb/street and place them to the side or rear of your home.

To schedule a Bulk or Large Metal Item please call Anthracite Waste Services at 877-789-2468

Do Not Put Rechargeable Batteries In Your Curbside Trash or Recycling Cart!

If you own a cellphone or cordless power tool, you own a rechargeable battery. While convenient during their lifetime, rechargeable batteries require **proper disposal** when they are no longer usable.

Conventional disposal of these types of batteries can cause problems!

Trash is compacted both in the garbage truck and at the waste-to-energy facility. When subjected to intense pressure these batteries combust and ignite causing fires in either garbage trucks or at the facility. Do not place rechargeable batteries in your recycling cart.

Please visit www.ycswa.com/hazardous-waste-event/ for more details on rechargeable battery collection at their annual Household Hazardous Waste Collection event.

NOTE: Household alkaline batteries like Eveready, Duracell (AA, AAA, 9-volt, C, or D sizes) can be disposed in your regular trash.

Commercial Recycling

Recycling isn't just for residential homes, apartments and townhouses. As required by Pennsylvania Act 101 and Penn Township Ordinance 434, businesses, industries and institutions must establish a commercial recycling program which, at a minimum, collects and recycles (1) high grade paper including white bond, typing, copier, note pad, writing, computer and other non-glossy office paper; (2) corrugated cardboard; and (3) aluminum cans. Businesses that do not utilize the Township's curbside program or drop off center are required to provide written documentation as to the type and weight of the material recycled. Commercial reporting forms are available on the Township website.

For questions on completing the report, please call 717-637-1561.

Help Eliminate Litter and Illegal Dumpsites

To help our community celebrate Earth Day every day of the year, York County residents, organizations, civic groups, schools, and neighborhoods that want to clean up litter or eliminate illegal dumpsites, can dispose of waste from a clean-up effort free of charge at the York County Resource Recovery Center. The Authority is working with Keep York County Beautiful to stop illegal dumping in our community and clean up existing dumpsites. If you are looking for a site to help clean, call York County Beautiful at 717-840-2375. Keep York County Beautiful will assist with providing free gloves, bags and safety vests. To register for the Authority's free litter disposal program, call the York County Solid Waste Authority at 717-845-1066.

American Flag Etiquette

Federal law stipulates many aspects of flag etiquette. The section of law dealing with American Flag etiquette is generally referred to as the Flag Code. Below are several of the general guidelines from the Flag Code that answers many of the most common questions:

-The flag should be lighted at all times, either by sunlight or by an appropriate light source.

-The flag should be flown in fair weather, unless the flag is designed for inclement weather use.

-The flag should never have any mark, insignia, letter, word, number, figure, or drawing of any kind placed on it, or attached to it.

-When the flag is lowered, no part of it should touch the ground or any other object; it should be received by waiting hands and arms.

-To store the flag, it should be folded neatly and ceremoniously.

-When a flag is so worn it is no longer fit to serve as a symbol of our country, it should be destroyed by burning in a dignified manner.

If you have America flags that are tattered and torn, you can drop them off at the Penn Township recycling center. The flags will be disposed of properly.

PROPERTY MAINTENANCE

Rent-A-Kid

The Rent-A-Kid program, sponsored by the York County Area Agency on Aging, needs kids in middle and senior high school. Rent-A-Kid is an intergenerational program that offers students an opportunity to earn money and/or community service hours doing routine household chores, yard work, mowing lawns, technology assistance, pet care, or shoveling snow for York County seniors. The program also provides an opportunity for older adults and teenagers to interact and help each other.

For additional information, interested teens can contact the Rent-A-Kid program at (717) 771-9610 or 1-800-632-9073. You may also visit www.yorkcountypa.gov/212/Rent-A-Kid.

BEING A RESPONSIBLE DOG OWNER

Pennsylvania law states "It shall be unlawful for the owner or keeper of any dog to fail to keep at all times the dog in any of the following manners:

1. Confined within the premises of the owner
2. Firmly secured by means of a collar and chain or other device so that it cannot stray beyond the premises on which it is secured
3. Under the reasonable control of some person, or when engaged in lawful hunting, exhibition, performance events or field training."

Please remember that your responsibility to clean up after your pet doesn't end when your dog leaves your yard. There are probably fewer things that aggravate neighbors more than a dog that "goes" in their yard. Pet owners need to clean up after their pet every time they "go to the bathroom".

The Penn Township Code Enforcement department has been busy responding to your complaints and observations. From 7/2025 to 1/2026 there have been 609 violations. They are categorized as follows.

Junk/Garbage/Sanitation - 59	Brush & Limb – 53	Residential Lighting - 19
High Grass / Weeds - 172	Sidewalk - 45	Sign Violations - 75
Vehicles/Parking - 84	Storm Water, Drainage - 30	POD Registration - 3
Accessory Structures - 9	Failure to Apply for Permit – 42	Misc. - 18

Spring is a Time for Clean Up and Property Maintenance!

General maintenance is required of all properties. Owners and occupants are responsible for keeping the property clean, sanitary and safe.

Rubbish and garbage cause odors and rodents to congregate. All exterior property and premises, as well as the interior of every structure, needs to be free from any accumulation of rubbish or garbage. Garbage needs to be kept in an approved container. These containers should be leakproof, covered, and kept alongside or at the rear of the property.

If you are doing work on your house and purchase materials, keep them alongside or in the back of the house. No outdoor stockpiling of materials is permitted in the front yard.

Parking on grass is not permitted. Off-Street parking areas must be a stabilized base and paved with concrete or compacted/rolled asphalt material.

Residents should know that all complaints are investigated and a determination is made by a Code Enforcement Officer, even if you are not contacted personally. Also, complaints are confidential.

HANOVER AREA FIRE AND RESCUE COMMISSION

Fire Prevention Tips

As we enter the spring season, a good spring cleaning is sometimes in order. We would offer some tips to keep in mind while doing the dreaded job of spring cleaning.

Smoke Detectors –

Check the manufacturer's date on the back of the detector. If it is ten years old, it is time to replace it. If you rely on battery only detectors, we suggest one with a 10-year Lithium-Ion battery.

Blow any dust out of the detector.

Clothes Dryer Care –

Make sure the air exhaust vent pipe for your dryer is not restricted and that the outdoor vent flap will open when the dryer is operating. The dryer vent hose should be as short as possible and not kinked or pinched.

Move things that can burn, such as boxes, cleaning supplies and clothing, away from the dryer.

Clothes that have come in contact with flammable substances like gasoline, paint thinner, or similar solvents should be laid outside to dry, then can be washed and dried as usual.

Grills –

Inspect your grill carefully and make sure it's free of grease or fat buildup. Clean out any nests, spider webs, or other debris you may find.

For propane grills, check the gas tank hose for leaks before using it for the first time each year.

Exterior of Your Home –

Dispose of branches, weeds, leaves, pine needles, and grass clippings to reduce fuel for fire.

Remove leaves, pine needles, and other flammable material from the roof, gutters, and on or under the deck to help prevent embers from igniting your home.

Remove dead vegetation and other flammable materials within ten feet of your home.

Painting & Staining –

Never leave cleaning rags in a pile. When you're finished using the rags, take them outside to dry, keeping them well away from the home and other structures.

Put dried rags in a metal container, making sure the container is tightly covered. Fill the container with a water and detergent solution, which will break down the oils.

Keep containers of oily rags in a cool place out of direct sunlight and away from other heat sources.

Electrical –

Inspect electrical cords for wear or damage after winter.

Check outdoor outlets for animal nests.

On February 12th, our EMS units were inspected. After passing all inspections, our DOH license to operate EMS service was renewed for another 3 years.

FIREWORKS USE ORDINANCE

The Township adopted ordinance number 835 on September 21, 2020. The ordinance provides regulations for the use and discharge of consumer fireworks, display fireworks and agricultural fireworks. Some of the limitations include who is allowed to use fireworks, where the fireworks can legally be discharged and establishes specific limits on the duration and hours of discharge.

Grilling Safety Tips

Propane and charcoal BBQ grills should only be used outdoors. Always check propane lines for cracks or damage that could cause a leak.

The grill should be placed well away from the home, deck railings and out from under eaves and overhanging branches.

Keep children and pets at least three feet away from the grill area.

Keep your grill clean by removing grease or fat buildup from the grill and in trays below the grill.

Never leave your grill unattended.

Always make sure your gas grill lid is open before lighting it.

Crimewatch Security Camera Registration Program

Residents can register security cameras at no charge on our Crimewatch page. This will give the Penn Township Police Department a list of possible cameras that could be used for assistance with solving any crime in the area. The police do **NOT** have access to the cameras, we would need to contact the owner to share any video. Please register your camera at: www.york.crimewatchpa.com/penntwppd and click the "Forms" tab.

Beware of Scams

With the coming of Spring, the Penn Township Police Department reminds residents to be aware of home improvement scams, frauds and ID theft. Common sense is your best protection against becoming a victim. We encourage you to use caution when someone asks for your personal information, routinely monitor your credit history and financial interests, note any suspicious activity and report any immediate concerns to the Police Department.

Did you know that anyone soliciting door to door in the Township must have a valid permit? An individual may only obtain a permit after registering with the Police Department and it is to be displayed at all times.

We STRONGLY encourage all citizens to remove keys from their vehicles, lock the doors and keep valuables out of plain view. Over the past few months, we have received numerous reports of vehicles being rummaged through, items being stolen, and in some cases the vehicles being stolen.

In Pennsylvania, it is UNLAWFUL, to leave your motor vehicle unattended. (Title 75, Section 3701(a)) - UNATTENDED MOTOR VEHICLE: *General rule.*--No person driving or in charge of a motor vehicle shall permit the vehicle to stand unattended without placing the gear shift lever in a position which under the circumstances impedes the movement of the vehicle, stopping the engine, locking the ignition in vehicles so equipped, removing the key from the ignition and, when standing upon any grade, turning the front wheels to the curb or side of the highway and effectively setting the brake.

Driver and Occupant Safety

Every occupant of a vehicle 8 years old to 18 years old must be properly secured in a seatbelt. Failure to comply is a primary vehicle code violation. Children under the age of 8 years old must be properly secured in the proper child restraint device (child seat, booster seat, etc...) The Penn Township Police Department continues to participate in the Pennsylvania Aggressive Driving and Occupant Protection (seat belt enforcement) initiatives. Officers have been and will continue to be on patrol looking for these violations. Remember to buckle-up, slow down and drive defensively!

KNOW YOUR HOMES AND COMMUNITY EASEMENTS AND ENCROACHMENTS

Columbia Gas is committed to delivering energy safely with community support. We rely on employees and neighbors working together to keep pipelines safe and maintained. Please help us by spreading the word about pipeline rights-of-ways, easements and encroachments for quick access.

A pipeline right-of-way is a strip of land next to a pipeline. To keep it safe and maintain it, rights-of-way must be obstacle-free so Columbia Gas can protect, operate, patrol, inspect, maintain, and repair pipelines. It's important to inform communities and remind property owners not to build structures, store items, or plant trees or shrubs along the right-of-way. Before digging or building, contact 811 to ensure underground utilities are marked, rights-of-way are identified and safety is maintained.

An easement is a right-of-way agreement between Columbia Gas and the property owner, granting us a permanent, limited interest in the land to access, operate, test, inspect, maintain, and protect our pipelines. Rights-of-way usually extend up to 25 feet from the pipeline's center. If Columbia Gas has an easement on your property, it's helpful to know the guidelines for encroachment - being mindful of structures, plants, or debris that extend onto, over, or across the easement. Examples include, but are not limited to:

- Structures (pools, decks, sheds)
- Dwellings
- Garages
- Operation of equipment
- Planting and/or removal of trees and shrubs
- Septic tanks, lines, or leach beds
- Grading operations (cut or fill)
- Restriction to access (fences, brush piles, etc.)
- Unapproved utility installments

For more information about easement or encroachment, call Columbia Gas at 1-800-460-4332.

WORK ZONE SAFETY

TEMPERATURES RISING AND BETTER WEATHER BRINGS TOWNSHIP ROAD WORK. HERE ARE SOME TIPS TO FOLLOW TO ENSURE THE SAFETY OF EVERYONE.

- Always follow the posted speed limit.
- Stay alert and avoid distractions.
- Always buckle up.
- Keep a safe following distance.
- Pay attention to signs and flaggers.
- Headlights should be on.

Grass Clippings in the Street

Grass clippings in the street continue to be a problem. While most residents are conscientious about keeping the clippings off the street, others continue to blow grass into the street and along the curb where it causes a safety problem, blocks and contaminates storm drains, and is just plain unsightly. Pennsylvania Law and the Township Code prohibits grass in the street so please direct the mower discharge back to the yard area or pick up the grass in the street when finished mowing. Your neighbors will appreciate your consideration.

Sanitary Sewer Right-of-Way Maintenance

The Township has over 82 miles of pipe that transports wastewater to the treatment facility. Whenever possible these lines are installed in a public street right-of-way (ROW). Sometimes, a private ROW/easement is created on a development plan and recorded on a property owner's deed to allow the installation of utilities, such as sanitary sewer, natural gas, electric, telephone, cable, storm water drainage, etc. A utility ROW or drainage easement could be located anywhere on a property. It could be located in close proximity to a house or other structure. It is important that you know the location of any ROW or easement that exists on your property so you don't build, plant or place anything that would impede access to maintain the utility. When a problem occurs with a sanitary sewer line it is difficult to gain access to correct the problem when there are trees, decks, patios, fences, swimming pools, etc. extending over and within the ROW or easement. In the future the Township will be evaluating these areas and begin to clear them so the lines and easements can be properly maintained. The Township requests that you remove anything located in the ROW or easement that can't be easily picked up and relocated. To find out if you have a sewer ROW or easement look at your property deed or call the Township at 717-637-1561 or email pennwwtp@comcast.net.
